

The DNP Program of Study is the required curriculum for the specialty. The DNP program curriculum is sequenced to support students' academic trajectories. The program of study lists courses required for every semester. DNP courses are only available once a year. Therefore, it is imperative to follow the DNP Program of Study each semester when registering for classes. Students should meet with their faculty advisor minimally once a semester to review their program of study. The student's responsibility is to follow their DNP Program of Study and notify their faculty advisor to request changes to their DNP Program of Study. Changes to the DNP Program of Study will impact the projected graduation date and require approval by the faculty advisor.

Year – 1

Fall Semester

- Required Immersive Summer Experience (RISE)
- [NURS 609A Health Assessment \(3 units\)](#)
- NURS 609C Pediatric Health Assessment (1 unit)

Spring Semester

- Clinical Immersion #1 (on-campus)
