

The DNP Program of Study is the required curriculum for the specialty. The DNP program curriculum is sequenced to support students' academic trajectories. The program of study lists courses required for every semester. Most DNP courses are only available once a year. Therefore, it is imperative to follow the DNP Program of Study each semester when registering for classes. Students should meet with their faculty advisor minimally once a semester to review their program of study. The student's responsibility is to follow their DNP Program of Study and notify their faculty advisor to request changes to their DNP Program of Study. Changes to the DNP Program of Study may impact the projected graduation date and require approval by the specialty coordinator.

Year – 1**Spring Semester - 2026**

- Required Immersive Summer Experience (RISE)
- NURS 629 Statistical Inference for Evidence-based Practice (3 units)
- NURS 695B DNP Forum: The Scholarship and Practice of Nursing (2 units)

Summer Semester - 2026
